

DIRECTIONS TO PRINT FREE LABOR POSTERS

To find out which posters are required for your business, follow these directions for Wisconsin and Federal Labor Posters:

WISCONSIN LABOR POSTERS

<http://www.dwd.wisconsin.gov/dwd/posters.htm> --from this website page you will be able to print off any posters for Wisconsin that pertain to your business—look over column “required” for which posters you need for compliance. Each poster can be printed by clicking on the publication number listed after the poster name.

FEDERAL LABOR POSTERS

On this same web page scroll down to-- Federal Government Workplace Posters-- click on U.S. Department of Labor site link.

Once you get to the US Department of Labor page scroll down the first paragraph and click on-- Employment Laws Assistance for Workers and Small Business (elaws) Poster Advisor. This will prompt you through a series of questions to determine which posters you are required to post for the Federal Government. At the end of the series of questions, a list of required posters comes up. Click on each of the posters you are required to display and under POSTER REQUIREMENTS there are highlighted areas to click on for printing the poster.

Display these posters in the workplace where all employees are able to view them, or have access to them.
